

Little Thing About Me

I am Hover Kent D. Tizon from BS Mechanical
Engineering 2nd year

About Me:

In my spare time, I enjoy:

Playing the piano

Swimming

Watching movies

Playing video games

Skills & Career Goals

I have good problem solving skills, leadership, and communication skills. Using the skills that I have learned throughout my life, I want to firstly graduate with a mechanical engineering degree and then to work in an automotive industry and use my insights into solving real world problems and innovating ideas.

Thank
You
